WARRANTY

FIN-X, Inc., warrants new Air Cooled Heat Exchangers against improper design and defects in materials of construction and workmanship. The exchangers are guaranteed to perform as specified at design conditions for a period of one year after the unit is placed in operation in the specified service but not exceeding 18 months from the date of notice that the equipment is ready for shipment.

If a defect in material or workmanship is found, FIN-X, Inc., may elect to either replace or repair at their option. Parts and labor will be provided without charge to the user during normal working hours at a place of business of FIN-X, INC., or other establishment authorized by FIN-X, Inc. However, this warranty does not include any costs for transporting the product to or from such a place of business or establishment.

It is FIN-X, INC., policy to pass through to the purchaser all warranties on items manufactured by others, such as fans, bearings, shafts, motors, V-belts and sheaves, louvers, air motors and temperature controllers, and vibration switches. We will assist the purchaser in any way possible in filing a warranty claim on goods manufactured by others.

This warranty is expressly in lieu of any other warranties, express or implied, including any warranty of merchantability of fitness for a particular purpose. Remedies under this warranty are expressly limited to the provision and installation of parts, as specified above, and any claims for other loss or damages of any type (including without limitation loss from failure of the product to operate for any period of time, other economic or moral loss, or direct, immediate, special, indirect or consequential damage) are expressly excluded.
